This native wildflower mixture has been expanded to include a wide array of native plants for your enjoyment. Bit O'Prairie consists of 4 annual and 19 perennial species of the most common and easy to grow wildflowers. The annuals will provide first year flowers, but most of the perennials will also bloom the first year. Colors in this mixture favor hues of purple, blue, red, yellow, and white. It should be seeded in early spring or late fall.

A packet includes the following Flowers:

Blanketflower, Grayhead Coneflower, Purple Prairieclover, Blue Flax, Plains Coreopsis, Upright Prairiecone, Wild Bergamot, Pale purple Coneflower, Purple Coneflower, Partridgepea, Perennial Lupine, Dwarf Red Coreopsis, Prairie Blazing Star, White Prairieclover, Lemon Mint, Lance-Leaved Coreopsis, New England Aster, Black-eye Susan, Mexican Red Hat, Butterfly Milkweed, Illinois Bundleflower, Leoplant, Pitcher Sage.
